

# Information for Primary 2 Parents

This sheet provides you with information about what your child will be learning this term, and shows next steps in their learning. We would encourage you to talk about this with your child, and where possible, assist them with learning at home.

## Maths & Numeracy

### Term Three

This term Primary 2 will be focusing on time. We will be learning to tell the time using o'clock, half past, quarter to/ past using an analogue clock. We will also be looking at time intervals and time equivalents. We will be exploring information handling and looking at different ways to record data by creating a variety of different graphs. We will be developing our mental maths strategies each day and trying to improve our recall of the Learn-It's to beat our Big Maths Beat That scores.

## Language & Literacy

### Term Three

We will begin this term by investigating different types of poetry. We will develop our listening and talking skills further by reciting a Scottish poem. We will even write some poems of our own.

We will continue to work on our comprehension skills and understanding of what we have read through discussing texts and answering questions about these.

To make our personal and imaginative writing more interesting we will explore different sentence openers, connectives and WOW words.

## Other Class Information

### Term Three

This term our topics are weather and forces. We will be carrying out various experiments to investigate forces and how they work. The class will be looking at the water cycle, measuring rainfall and delivering a weather forecast. As part of our homework, we will be researching the climates in different countries.

Through Health and Wellbeing we will be focussing on the 'Knowing me, Knowing you' poster. We will be looking at how each aspect contributes to our mental, physical and emotional wellbeing. In P.E. we will be working on our gymnastics skills. We will be balancing, rolling, jumping and turning.

As Easter is fast approaching we will be exploring the Easter story in more depth during RME. We will also be looking at the topic of 'Home-Life' which looks at the different celebrations throughout the year.

For technologies we will be linking with data handling in maths to create our own charts and graphs through ICT. We will also be working on our typing skills to increase our speed and accuracy.
