

Information for Primary 5N Parents.

This sheet provides you with information about what your child will be learning this term, and shows next steps in their learning. We would encourage you to talk about this with your child, and where possible, to assist them with their learning at home.

Maths & Numeracy

During our daily C.L.I.N.T. maths sessions we look at smile and coin multiplication, partitioning numbers to two decimal places and dividing numbers by 10. We will also begin to learn the seven times table. Every Monday we will complete a C.L.I.N.T. maths sheet to show our understanding and every Friday we will try our 'Big Maths, Beat That' challenge to show how much quicker we are getting at recalling simple addition and multiplication facts.

Our planned learning focus

Purple Group - exploring volume, interpreting data and weight.

Orange Group- looking at co-ordinates, finding the size of angles and data handling.

Green Group - exploring data handling and place value- 1000-10,000

Blue Group ~ looking at multiplication by 3, 5 and 10 and names of shapes.

Language & Literacy

Spelling - every Monday we introduce our spelling words and throughout the week we complete activities to help us develop our understanding of spelling patterns, word usage and meaning. On Friday we complete a spelling test.

Reading - this month we have begun literature Circles. We will read novels in groups and create different types of questions individually. We then meet together as a group again and discuss answers to the questions created and this helps us interrogate the text.

Writing - We will look at different examples of personal and imaginative writing and develop our own skills in writing these types of texts.

Scottish Literature - our Burns poem is 'My Heart is in the Highlands.' Pupils are expected to recite the poem or at least part of the poem to the class on Monday 27th January. The Burns Concert is to be held on Friday 31st January.

Library - we go to the library every Monday.

.....
: Our homework tasks are given out each Monday and need to be brought back to school every Friday
: morning. With thanks.

Other Class Information

We have begun our new topic looking at 'Medieval Scotland'. We hope to look at life in Medieval times and the Scottish Wars of Independence. We are also organising a visit to Stirling Castle and a Medieval Feast day with specialist talks and fun activities. Mrs McDowall and Miss Nicol have already looked out their Medieval outfits and we hope the children will come to our Feast in Medieval costume. In Technology we are using an online resource called Scratch which allows the children to create and save their own animations. The children also have access to GLOW which they can use to create and save Word documents and powerpoints. Guitar and Ukulele tuition continues with lessons taking place every Monday.
