

Information for Primary 5P Parents.

This sheet provides you with information about what your child will be learning this term, and shows next steps in their learning. We would encourage you to talk about this with your child, and where possible, to assist them with their learning at home.

Maths & Numeracy

During our daily C.L.I.N.T. maths sessions we will explore different multiplication strategies such as partitioning. In addition to this we will also consider We will also begin to learn the eight and nine times table. Every Monday we will complete a C.L.I.N.T. maths sheet to show our understanding and every Friday we will try our 'Big Maths, Beat That' challenge to show how much quicker we are getting at recalling simple addition and multiplication facts.

Triangles- exploring finding fractions of a number.

Squares- using real life contexts to solve division problems.

Circles- solving word problems by using addition, multiplication, subtraction and division.

Language & Literacy

Spelling - every Monday we are introduced to our spelling words and work on activities from our spelling textbook. Throughout the week we will revise our spelling words in preparation for our spelling test on Friday.

Reading - We are now in our reading groups and each have a different book so that we can explore the different types of genres and styles of writing. Within our groups we will work on our fluency and expression when reading aloud and develop our understanding of the text through different discussions and activities.

Writing - Within this term, we will look at different types of writing including imaginative and functional. We will continue to include ambitious vocabulary, connectives and interesting story openers in our stories.

.....
: This year we will become familiar with using Microsoft Teams as a way of accessing any materials that can :
: be used at home. I have linked Sumdog and Bug Club on the Teams page to practise your Numeracy and :
: Literacy Skills. :
.....

Other Class Information

Our topic this term is Water We will learn about where water comes from and the different uses of it. We will be doing lots of very exciting experiments to see how water reacts to different conditions and recording these in our science reports. In R.M.E. we will explore upcoming religious festivals such as Diwali and Christmas and in Health and Wellbeing we will be working through our 'Resilience Alphabet'. We will continue to develop our confidence in speaking, reading and writing in French and will expand our vocabulary through various topics.

We have P.E. twice a week on a Wednesday and a Friday so please remember your gym kit.
